

GMAT at AIAA SPACE 2014

The GMAT team was excited to attend the [AIAA SPACE 2014](#) conference in San Diego earlier this month. We presented two papers covering the QA and flight qualification efforts that took the better part of two years, ending last August.

Grab the papers here:

- [Verification and Validation of the General Mission Analysis Tool \(GMAT\) \(pdf\)](#) - [slides \(pdf\)](#)
- [Preparing General Mission Analysis Tool for Operational Maneuver Planning of the Advanced Composition Explorer Mission \(pdf\)](#)

We were also excited to host an exhibit booth where we answered questions and met some of our great users:

Thanks everyone for stopping by! We hope to see you next year as well.
